New pen launched at Paperworld

Foster + Partners have designed an elegant new range of writing products for the Diplomat Company, complementing their successful range of Helit Desk-top Accessories. Diplomat, founded in 1922, has a tradition of innovation. The Foster Range has a patented clip device which locks the lid onto the pen to avoid spillages. There are four products in the range: a fountain pen, an artist pencil, a ballpoint and a rollerball which are available in four anodised aluminium finishes: black, aqua, yellow and chrome.
