

Press release

01 April 2020

#architecturefromhome

Over the next few weeks we will be sharing new activities for children whilst at home, away from school. We'll include drawing, making, playing, thinking, reading, watching and other activities to keep them entertained - for at least a few hours!

We're hoping that you'll enjoy making them as much as we did.

We'd love to see your creations come to life. Please share on social media using #architecturefromhome and tagging Foster + Partners. Alternatively you can send your picture to: **socialmedia@fosterandpartners.com**.

Paper skyscraper

Stack 'em high. Make it green with trees and gardens.

Drawing trees

Revealing the (not so) secret techniques that we use to make perspective drawings of our green friends.

Download templates: **Worksheet showing drawing techniques** | **Worksheet for younger children to colour in**

Archi-parts

Draw the future architect and the most fantastical skyscraper ever designed! This is so much fun and the whole family can play.

Download template: **Archi-parts**

Photostory

A picture is worth a thousand words. Learn to use photography to tell your own story!

Download tips: **Photostory**

Building tension

Learn how forces of tension and compression work together to keep tall buildings standing.

Download: **Building tension booklet**

Colour our London landmarks

Our artists have been busy drawing some of our favourite buildings. Can you help us colour them in?
