

Press release

04 April 2020

Make a paper skyscraper #architecturefromhome

Over the next few weeks we will be sharing new activities for children whilst at home, away from school. We'll include drawing, making, playing, thinking, reading, watching and other activities to keep them entertained - for at least a few hours!

Use the template to create your own skyscraper (or maybe three or four of them). Colour it and add some detailing to make it extra special.

We're hoping that you'll enjoy making them as much as we did.

Paper skyscraper: **Download template**

We'd love to see your creations come to life. Please share on social media using #architecturefromhome and tagging Foster + Partners. Alternatively you can send your picture to: **socialmedia@fosterandpartners.com**.
